

# Aspie-quiz

Your Aspie score: 166 of 200

Your neurotypical (non-autistic) score: 53 of 200

You are very likely an Aspie

# Aspie-quiz

This group contains intellectually related Aspie traits. Typical traits are related to interests (e.g. having strong interests; hyper focusing; having periods of contemplation; collecting information; good long term memory related to interests; figuring out how things work; making connections between things). Other traits are related to information processing (e.g. noticing details; finding patterns; unusual imagination; solving problems in unusual ways; unique ideas). Some people have special talents (e.g. numbers; language; computers; music).

## Diagnostic relation

A high score is related to AS and Obsessive Compulsive Disorder (OCD)

**Your group score: 9.2 of 10 (above average).**

## Detailed information about overall Aspie and neurotypical scoring

No	Question	Choice	Aspie	NT
1	Do you tend to get so absorbed by your special interests that you forget or ignore everything else?	?		
2	Is it important for you to find a unique niche where you can acquire unique competence?	2	2.49	0.00
3	Do you have an avid perseverance in gathering and cataloguing information on a topic of interest?	2	2.47	0.00
4	Do you notice patterns in things all the time?	2	2.60	0.00
5	Do you feel an urge to correct people with accurate facts, numbers, spelling, grammar etc., when they get something wrong?	2	3.16	0.00
6	Do you have one special talent which you have emphasised and worked on?	2	2.01	0.00
			13 / 13	0 / 3

# Aspie-quiz

This group contains neurotypical intellectual talents. Often these are defined in terms of Aspie disabilities. Typical traits seem to be adaptations to cooperative living (e.g. giving and remembering verbal instructions; learning from others; describing events; summarizing events; taking notes; keeping track of several conversations; learning things on demand; learning by imitation). Other traits include map reading, find the way to new places and motivation issues

## Diagnostic relation

A low score is related to Dyslexia and Dyscalculia, but also to other diagnoses like ADD/ADHD.

**Your group score: 1.4 of 10 (below average).**

## Detailed information about overall Aspie and neurotypical scoring

No	Question	Choice	Aspie	NT
7	Do you get confused by several verbal instructions at the same time?	2	2.78	0.00
8	Do you find it difficult to take messages on the telephone and pass them on correctly?	1	0.77	1.79
9	Do you have difficulty describing & summarising things for example events, conversations or something you've read?	2	1.95	0.00
10	Do you need to do things yourself in order to remember them?	2	3.01	0.00
11	Do you find it hard to recognise phone numbers when said in a different way?	?		
12	Do you find it very hard to learn things that you are not interested in?	2	3.16	0.00
13	If there is an interruption, can you quickly return to what you were doing before?	0	0.00	0.00
14	Do you have problems filling out forms?	1	0.73	1.36
15	Do you find it difficult to take notes in lectures?	2	1.80	0.00
16	Do you need a lot of motivation to do things?	2	2.67	0.00
17	Do you work slowly on jobs you dislike?	2	2.75	0.00
18	Do you have problems finding your way to new places?	2	1.90	0.00
19	Are you easily distracted?	2	2.88	0.00
20	Do you mix up digits in numbers like 95 and 59?	?		
21	Do you have trouble reading clocks?	1	0.53	1.21
			25 / 27	4 / 22

# Aspie-quiz

This group contains perception-related Aspie traits. These traits commonly become disabilities, but their core seems to be more sensitive senses (e.g. touch; sound; tactile; smell; taste; light and glare; humidity; changes in air pressure; wind; heat; electromagnetic fields) or less sensitive senses (e.g. pain). Related to this are instinctual reactions to sensory information (e.g. being distracted by sounds; being afraid of motor-bikes; being afraid of floods or fast running streams; disliking stomping). Some traits are caused by sensory overload.

## Diagnostic relation

No direct, but Autistics often have differences in perception.

**Your group score: 6.9 of 10 (above average).**

## Detailed information about overall Aspie and neurotypical scoring

No	Question	Choice	Aspie	NT
22	Before doing something or going somewhere, do you need to have a picture in your mind of what's going to happen so as to be able to prepare yourself mentally first?	2	2.80	0.00
23	Do you tend to shut down or have a meltdown when stressed or overwhelmed?	2	2.88	0.00
24	Are you sometimes afraid in safe situations?	1	1.00	1.39
25	Are you bothered by clothes tags or light touch?	1	1.08	1.50
26	Do you have certain routines which you need to follow?	1	1.14	0.92
27	Do you dislike when people walk behind you?	2	2.60	0.00
28	Do you find it disturbing or upsetting when others show up either later or sooner than agreed?	1	1.31	0.60
29	Are your eyes extra sensitive to strong light and glare?	2	2.29	0.00
30	Do you have extra sensitive hearing?	1	0.93	1.04
31	Are you sensitive to changes in humidity and air pressure?	1	1.00	0.66
32	Do you dislike it when people stamp their foot in the floor?	?		
33	Do you need lists and schedules in order to get things done?	2	2.57	0.00
34	Do you instinctively become frightened by the sound of a motor-bike?	0	0.00	2.93
			20 / 27	9 / 21

# Aspie-quiz

This group contains neurotypical motor abilities and perception traits. The absence of these traits is often referred to as clumsiness. A key trait is the ability to interpret spatial information (e.g. judging distance, speed and acceleration; keeping track of positions of objects; predicting motion; concept of time; optimal pressure to apply). Also here is judging age and identity of people, interpreting facial expressions and timing in conversations

## Diagnostic relation

A low score is related to Dyspraxia.

**Your group score: 4.0 of 10 (average).**

## Detailed information about overall Aspie and neurotypical scoring

No	Question	Choice	Aspie	NT
35	Do you have problems with timing in conversations?	2	2.47	0.00
36	Do you instinctively know when it is your turn to speak when talking on the phone?	0	0.00	0.00
37	Do you find it hard to tell the age of people?	1	0.91	1.12
38	Do you have difficulties judging distances, height, depth or speed?	1	0.85	0.82
39	Do you have a good sense of how much pressure to apply when doing things with your hands?	1	0.00	2.07
40	Do you have problems recognizing faces (prosopagnosia)?	0	0.00	2.45
			4 / 7	6 / 20

# Aspie-quiz

This group contains communication related Aspie traits. Key traits in this group are related to atypical nonverbal communication (e.g. odd facial expressions; being accused of staring; using unusual sounds in conversations; blinking or rolling eyes; clenching fists; grinding teeth; thrusting tongue; blushing). Related traits are stims (e.g. wringing hands; rubbing hands; twirling fingers; rocking; tapping eyes; pressing eyes; fiddling with things; pacing; flapping hands; peeling skin flakes; examining hair of others).

## Diagnostic relation

No direct, but a high score is related is with stimming and unusual communication.

**Your group score: 8.4 of 10 (above average).**

## Detailed information about overall Aspie and neurotypical scoring

No	Question	Choice	Aspie	NT
41	Have others commented or have you observed yourself that you make unusual facial expressions?	2	1.80	0.00
42	Have you been accused of staring?	2	1.95	0.00
43	Do you wring your hands, rub your hands together or twirl your fingers?	2	1.90	0.00
44	Do you mistake noises for voices?	2	1.52	0.00
45	Do you fiddle with things?	2	2.96	0.00
46	Do you rock back-&-forth or side-to-side (e.g. for comfort, to calm yourself, when excited or overstimulated)?	2	1.52	0.00
47	In conversations, do you use small sounds that others don't seem to use?	1	0.62	1.52
48	Do you tap your ears or press your eyes (e.g. when thinking, when stressed or distressed)?	?		
49	Have others told you that you have an odd posture or gait?	1	0.78	1.52
50	Do you have a fascination for slowly flowing water?	1	0.80	1.17
51	Do recently heard tunes or rhythms tend to stick and replay themselves repeatedly in your head?	2	2.78	0.00
52	Do you pace (e.g. when thinking or anxious)?	2	2.06	0.00
53	Do you bite your lip, cheek or tongue (e.g. when thinking, when anxious or nervous)?	2	2.26	0.00
54	Do you have an urge to observe the habits of humans and/or animals?	2	2.52	0.00
55	Do you get a pleasurable tingling sensation in the head, scalp or back of the body in response to certain sounds?	?		
56	Do you feel an urge to peel flakes off yourself and / or others?	1	0.86	0.66
57	Do you talk to yourself?	2	2.47	0.00
58	Do you examine the hair of people you like a lot?	?		
59	Do you sometimes mix up pronouns and, for example, say "you" or "we" when you mean "me" or vice versa?	2	1.13	0.00
60	Do you have an urge to jump over things?	2	1.29	0.00
61	Do you enjoy spinning in circles?	0	0.00	2.05
62	Do you have, or used to have, imaginary friends?	1	0.64	0.70
			30 / 35	8 / 36

# Aspie-quiz

This group contains typical nonverbal communication traits. A key trait is the ability to interpret and show typical nonverbal communication (e.g. facial expressions; body language; courtship; timing; reciprocity; turn-taking; prosody). The absence of these abilities lead to secondary problems (e.g. unaware of how to behave; unaware of boundaries; being misunderstood; missing hidden agendas; being unaware of others intentions; misinterpreting figures of speech, idioms and allegories; literal interpretation; not knowing when to apologize; saying inappropriate things; seemingly poor empathy).

## Diagnostic relation

A low score is related to Autism Spectrum Conditions (ASC)

**Your group score: 0.8 of 10 (below average).**

## Detailed information about overall Aspie and neurotypical scoring

No	Question	Choice	Aspie	NT
63	Do you tend to express your feelings in ways that may baffle others?	2	2.24	0.00
64	Do you tend to say things that are considered socially inappropriate when you are tired, frustrated or when you act naturally?	2	2.52	0.00
65	Do others often misunderstand you?	2	3.11	0.00
66	Do you forget you are in a social situation when something gets your attention?	2	2.03	0.00
67	Is it hard for you to see why some things upset people so much?	2	2.37	0.00
68	Do people sometimes think you are smiling at the wrong occasion?	1	0.89	1.63
69	Is your sense of humor different from mainstream or considered odd?	2	2.57	0.00
70	As a teenager, were you usually unaware of social rules & boundaries unless they were clearly spelled out?	2	1.93	0.00
71	Do you or others think that you have unconventional ways of solving problems?	2	2.37	0.00
72	Do you tend to interpret things literally?	2	2.44	0.00
			22 / 23	2 / 26

# Aspie-quiz

This group contains Aspie traits for making connections to people that typically are non-functional in our society. These traits are sexual in nature and include public sexuality, primary sexual attraction to strangers and polyamory. Private spiritual beliefs are also here.

## Diagnostic relation

A high score is related to paraphilias.

**Your group score: 8.4 of 10 (above average).**

## Detailed information about overall Aspie and neurotypical scoring

No	Question	Choice	Aspie	NT
73	Do you find it easier to understand and communicate with odd & unusual people than with ordinary people?	2	2.47	0.00
74	Do you have an alternative view of what is attractive in the opposite sex?	1	0.85	0.71
75	Do you have unusual sexual preferences?	1	0.66	0.62
76	Do you prefer to construct your own set of spiritual beliefs rather than following existing religions / belief-systems?	2	1.57	0.00
77	Are you more sexually attracted to strangers than to people you know well?	2	0.90	0.00
78	Would you accept polyamory if you knew your partner would?	2	0.77	0.00
			7 / 9	1 / 4

# Aspie-quiz

This group contains neurotypical traits for making connections to people. These traits are typically described in terms of disabilities as they are the norm. Traits include making contact with people in groups, showing and describing feelings, approaching potential partners, and cooperating with others.

## Diagnostic relation

No direct, but a low score is related to failures to connect to people.

**Your group score: 1.7 of 10 (below average).**

## Detailed information about overall Aspie and neurotypical scoring

No	Question	Choice	Aspie	NT
79	Do you have a tendency to become stuck when asked questions in social situation?	2	2.44	0.00
80	Has it been harder for you than for others to keep friends?	2	2.70	0.00
81	Do you find it hard to be emotionally close to other people?	2	2.73	0.00
